In-Ear Gaming-Headset

Beschreibung

- High-performance in-ear-gaming-headset for listening and communication (Skype, MSN, Yahoo).
- Noise isolation: ergonomic silicon ear sleeves effectively reduce unwanted ambient noise (noise-isolation).
- High quality neodymium drivers for precise sound reproduction and powerful bass.
- Highly sensitive omni directional microphone for best speech quality.
- Exchangeable ear sleeves, extremely lightweight and convenient neck strap for long term operation.

Besonderheiten

- Neck-Strap: SCORE comes with a convenient neck-strap to keep the headset handy when not in use.
- Carrying bag: the package content includes a quality neoprene-carrying bag.
- Cable remote control: the audio volume can be controlled with a cable integrated remote bar.
- Connectivity: SCORE's standard 4 pin plug can be conneted to any audio source. The microphone function on the standard plug only works with Apple iPhone/iPod. To connect to a standard mobile phone or to your PC/Notebook we have bundled 2 adapters to ensure full compatibility.
- Ear-sleeves: we bundle 3 different sized ear sleeves to obtain perfect fit for your ear.
